

# 5 STEPS TO UNDERSTAND ISLAM

## 1

### Who is God, The Almighty?

There are many deities on the earth. Every one claims that their deity is the true God, but what is the truth? Who is the true God?

## 2

### Who is Muhammad, the Messenger of God?

You may have heard about him before and perhaps read something about him, but do not know enough about him.  
Learn more about him!

## 3

### What do you know about the Qur'an?

Historically... it is the most read book ever... What is the secret behind it? Why are Muslims more attached to their Holy Book than people of the other religions?  
You have the right to know why!

## 4

### What is Islam?

There are hundreds of religions and doctrines around the world, but what makes Muslims almost the daily subject of the media?  
We intend to make it easier for you to know about Islam.

## 5

### Women in Islam

Men and women are equal in the sense that they both have corresponding rights and obligations. 1400 years ago, Islam gave women the right to own and dispose property, earn wealth, and to get an education.

Islam elevates the status of women in society and advocates for their rights. Men and women serve different, but complementary and equally important, roles in the society and within the family.
